Importance: High

I believe this is an associated HQ FOIA to an earlier FOIA I worked on, EPA-HQ-2018-001168. Both FOIAs relate to 40 CFR Subpart OOOOa records. HQ had told the Air Technical Workgroup (I have been the most regular regional contact to this group) that they were going to work on reducing the scope of related similar FOIAs, but that we could expect that another FOIA would be forthcoming; I believe this is the result.

HQ will conduct an e-discovery collection.

By April 6, our region has been asked to provide custodian name(s) that should be included in the collection.

I believe Region 9 will have limited custodians, since we do not currently have active enforcement cases for OOOOa. As a start, I would recommend: myself (I have limited email correspondence related to OOOOa), Andrew Chew, Tom Mintz, Stan Tong. Not sure who else, if anyone, ought to be included.

Do you want me to pursue this, or should someone else?

If I do, I'll share this with the three mentioned above as well as Ivry Johnson and Clarice Jackson, so that they are kept informed.

Subject: FOIA for Oil and Gas - EPA-HQ-2018-001268

Hi Folks,

Casting a wide net here, as we were unable to reach an agreement with the requestor to reduce the scope of Part 2 of the attached FOIA request.

Summary Of Part 2 of the Request

Part 2 of the request (EPA-HQ-2018-001268) seeks “**correspondence**” that references 40 C.F.R. Part 60 Subpart OOOOa, including any of its reporting requirements.

Therefore, any communication regarding OOOOa or its reporting requirements is responsive, whether external to EPA or internal to EPA.

We will be conducting an e-discovery collection to respond to this part of the request. The e-discovery collection will be conducted through HQ’s, once we have received the names of your custodians. You will have an opportunity to review the records for exemptions, before they are released.

Requested Task

For your region, please provide the name(s) of custodians who should be searched. We want to limit our search to only those that are necessary, so if there is one person who would have been the main point of contact on OOOOa and been a part of all relevant correspondence, there is no need to include others who may have been cc’d or also involved in the communications.

If there is responsive correspondence that is not an email (or attached to email), please provide the names of custodians with such records, so that we may coordinate the collection of those records. This would include notes from telephone calls, meeting notes, voicemails, text messages, or hard copy memos/correspondence ***not sent by email***.

Requested Due Date

Please provide a list of potential custodians by **April 6, 2018**.

If your Region does not have correspondence on this topic, please provide an email response to that effect. Please provide your response to this email (“Reply” – do not “Reply All”) and please cc bermes.peter@epa.gov and creech.christopher@epa.gov.

Questions? Feel free to Peter (312-886-6631), directly.

Thanks, in advance.
